

Position
Faculty member • Engineer • URA etc. • Administrative Staff • Student(D • M • Graduation Research) • Others

This document contains two types of pledge, one for Public Research Funds and the other for Research Ethics. Please tick the appropriate box that you pledge and circle the applicable position listed above for your position.

Pledge for Public Research Funds

In terms of conducting research by public research funds, I shall understand and abide by the related university rules and regulations as well as the guidelines for preventing improper use of public research funds set by the University of Electro-Communications.

Also, I shall execute public research funds with fairness and efficiency, and will not be engaged in research misconduct.

In the case of misconduct through violation of the related rules and regulations of the university, I shall be subject to penalty from the University and funding institution of public research funds, and assume responsible for legal obligation.

Note

1. All employees (including part-time) of UEC and Research Fellows (PD, DC) of Japan Society for the Promotion of Science (JSPS) are required to submit the pledge for public research funds to the university.
2. The submission of this pledge is a requirement to apply for competitive funds etc. If you do not submit this pledge, you are not allowed to involve the administration for public research funds, including the competitive funds.

Pledge for Research Ethics

In regard to conducting research, I hereby promise to abide by the terms listed below.

Note

- I shall not engage any research misconduct in research activities, such as fabrication, falsification and plagiarism.
- In publishing research findings, all achieved results shall be preserved to present them with the objective and verifiable data and materials.
- I shall attend ethics education program which is held by the university.
- In the case of misconduct through violation of the related rules and regulations of the university, I shall agree to be subject to penalty from the University and funding institution of public research funds and assume responsible for legal obligation.
- A person who is a representative of joint research shall make its research purpose and content, task, roll-sharing and responsibility clearly and prompt all these matters to be understood among each joint researcher.
- A person who supervises or supports a student and young researcher as a supervisor or mentor for researcher of tenure track system shall give them the guidance and education for research ethics, including research misconduct.

Note

1. All faculty members, UEC postdoctoral fellows, Research Fellows(PD, DC) of Japan Society for the Promotion of Science (JSPS), JSPS Postdoctoral Fellows for Overseas Researcher, Doctoral students, Master's students and undergraduate students who conduct the graduation research are required to pledge the terms for research ethics listed above.
2. Please make sure to submit "Pledge for Research Ethics" since the submission of the pledge is a requirement to conduct research at the University of Electro-Communications.

Date: Year Month Day

Department/Institution

Name (Signature)

※This pledge will be required to re-submit if the adherence terms in the guideline of Ministry of Education, Culture, Sports, Science and Technology (MEXT) or the rules and regulations of the university are amended.
